

# PRATAP PUBLIC SCHOOL, KARNAL

Circular 02/2021

03-05-2021

Dear Parents

Children are naturally curious, creative and have abundance of energy in them and the success of any education system rests on harnessing these natural gifts in the best way possible. When they are exposed to a wide variety of subjects, activities and experiences well beyond the boundaries of school it ignites their passion for learning, exploring and discovering. Such a task calls for parents to occasionally don the mantle of inspiring informal educators and supplement the school activities by sharing their expertise with the young minds through the Parent Support Programme, PSP. Since the schools are closed these days, we invite you to share your knowledge and skills with students online.
