

PRATAP PUBLIC SCHOOL KARNAL

25.05.2023

“All our dreams can come true if we have the courage to pursue them”

Walt Disney

Dear Students

Well begun is half done! We have had a blistering start. The first quarter of the current session was peppered with a variety of high- octane scholastic as well as co- scholastic activities; the highlights were the National Youth Parliament and the Bicycle Rally which won everybody's praise. Likewise, the performance of our students in Board Exams 2022 – 2023 has been equally brilliant. In class XII Deepanshu Arora and Khushi Agarwal topped the school with 97.4% marks, followed closely by Palak, Mannat & Dhani who shared a joint 2nd position with 96.6% marks, and Dhriti Sardana who stood 3rd with 96%. In class X Devanshi Aggarwal stood first with 96.8%, Soumil Munjal got 2nd position with 96.2% and Namish Gupta and Samdisha bagged the 3rd rank with 96% marks.

The first Unit Test has just been concluded and the countdown for the much awaited summer vacation has started. The month long vacation will be an opportunity for you to reboot and revitalize your system.

Remember, learning is a continuous process, it happens in both formal and informal environment. Thus, there should not be any break for learning. To this effect your teachers have designed interesting holiday assignments for you. I am sure that a winning combination of leisure reading, outdoor games, adventure, creative pursuits and fun will make this summer break a memorable one for you.

Apart from these, as a true Pratapian, you must contribute your bit to conserve the environment which is facing unprecedented degradation. You may water plants, make a bird feeder and once the monsoon sets in, you may plant a sapling, take initiative to conserve rain water and also make judicious use of paper while doing your holiday homework.

Wishing you all a very enjoyable and fun-filled summer break!

Yours sincerely

Poonam Navet
Director-Principal
