

# PRATAP PUBLIC SCHOOL KARNAL

Circular No. - 01

30.03.2024

As the sun sets on the horizon of session 2023-24, the school gears up to welcome the promising dawn of the new session ahead.

The new session comes to us all wrapped in wonder. It holds countless possibilities for us to provide our children with an inspiring learning environment both at school and at home. But this can only happen through seamless collaboration and coordination between us. By considering their individual tastes, aspirations, and capabilities, together we can cultivate a fertile ground for our young minds to germinate, grow and blossom.

Remember, home is the first temple of learning, and as parents, it is our responsibility to instill strong moral values in our children. Enrolling your child in school is just the beginning. It is essential to stay actively involved in their education to ensure that your investment in their future pays off. Stay in regular contact with teachers, monitor your child's progress daily, and feel free to discuss any concerns or suggestions regarding their learning experience.

Additionally, encourage your child to engage in leisure reading daily. Cultivating the habit of reading books, newspapers, and periodicals will pave the way for their success. Start nurturing this habit at a young age by reading stories to them and gifting them storybooks.

I would also like to highlight the following points:

1. Starting from 2nd April 2024, school timings will be from 7:50 am to 2:00 pm. Punctuality is the hallmark of Pratapians, and students are expected to arrive on time and respect all deadlines.
2. All students must maintain a minimum of 90% attendance every month, as failure to do so will be considered a breach of the School Code of Conduct.
3. Mobile phones and smart watches are strictly prohibited on the school campus, and any violation of this rule will incur heavy penalties.
4. Please ensure that all personal belongings of your child are labelled to facilitate their return if misplaced.
5. Encourage your child to pack only the necessary books and notebooks for the day to keep their school bag light.

6. School buses will operate on regular routes, and interested students can inquire about the bus facility at the school office.
7. Kindly avoid picking your child during school hours unless there is a major, unforeseen eventuality.
8. Don't send your children for private tuitions, it unnecessarily makes them dependent on others.
9. To familiarize yourself with the school rules and regulations, it is important to review the School Almanac along with your child.

As partners in your child's academic journey, we welcome your valuable suggestions and look forward to your continued cooperation and support!

Yours sincerely,

Poonam Navet  
Director - Principal
