

VISION

PRATAP PUBLIC SCHOOL, KARNAL

Current Edition

PATRON

Message

I am extremely elated that the school is bringing out this year's newsletter 'Vision'. It is a sheer delight to observe the abundant creative energy of the budding writers and artists being channelized in the most fruitful way. When the future citizens are encouraged to express themselves freely on issues they see and feel about, it strengthens the foundation of the society. I congratulate the young minds and the editorial board for the exemplary work.

Ajay Bhatia

President, Pratap Group of Institutions

Director's Message

The depth of knowledge we have gained, the merits of values we have imbibed and the strength of skills we have mastered manifest themselves during a crisis. The indefatigable spirit with which we have acclimated ourselves to and combated the Covid-19 constraints exemplifies the resilience and resourcefulness of human race - the race immensely empowered by education. The type of crisis we face today is not the first, neither is it going to be the last. Thus, the perpetuation of human presence on this unique planet entails continuous upgradation of our knowledge capital. The quality of knowledge, values and skills we impart to the future citizens of the globe in our classrooms will decide the collective future of human race.

I have immense pride in presenting you The Newsletter. I would like you to consider it as a testimony to the undying spirit in all of us that impels us to move on regardless of the crippling circumstances that surround us.

Poonam Navet

Director-Principal

Principal's Message

'This current edition of the School Newsletter has given me immense pleasure as it highlights a giant stride taken by PPS during the period of Covid - 19 pandemic outbreak. By the way of school activities, writings etc chronicled in this newsletter, we welcome you to get a glimpse into our abode where curricular fabric is closely woven with scholastic and co-scholastic threads. Indian Education system indeed, has witnessed an evolutionary phase with technology enabling a ubiquitous access and personalization of education setting new benchmarks. The inclusive learning solutions have lent impetus to both teaching and learning during this pandemic.

I congratulate the Editorial Board and all those who have worked for the splendid piece of work. They have, through this medium, tried to convey in print, the synergy that runs through this institution.

Dr. Puja Waalia Maan

Principal

Editorial

The Covid pandemic that's holding the world hostage through its various mutant forms has no parallels in human history. Apart from the distressingly obvious economic downturn and humongous loss of lives across the world, what causes concern is the impact of the virulent virus in the education sector. Schools were the first to be closed and last to be opened, resulting in severe learning loss. The online classes that saved the day for us have exacerbated inequities in the society due to the deep digital divide between rural and urban settings besides affecting the students' mental health due to increasing screen time and exposure to the toxic social

media.

Fortunately there are encouraging signs of abatement of the pandemic and hopefully we may tide over the apocalypse very soon, and uninterrupted academic activities will once again make our classrooms alive.

This years 'Vision' is dedicated to all the frontline health workers, police personnel and all the good samarantans who risked their lives in the line of duty and selfless service to contain the spread of the virus.

Mohan P.

JUST THE WAY I FEEL

Lying on the warm sand..
I watch
The waves hit the shore.

The calm breeze touching my hair..
Feeling like the beginning of June.

Distant memories playing in head..
Fading away
With your smile filling my core.

My heart flutters with a weird sanity..
In my mind
Darling I know your love won't leave me blind.

Your voice ringing in my ears..
Filling up my heart with a soulful tune
I know we'll be together soon.

When the sky clears up and
The rain falls through
When the storms keep the dark
When the snow falls through.

I know I'll have that one beauty
In my life
And I know it'll be you

Archisha (XII Medical A)

STUDENTS' LIFE

Students' life is not easy,
Waking up early and being busy.
Having breakfast and then waiting for bus,
But visiting our another home is not a fuss.

Students' life is hardest hit,
Even though we never quit.
We get punishment to be a cock,
When we do not answer in quick.

Students' life is certainly memorable,
Because after being adult, this fun is not available.
Evderybody remembers the big gang of friends,
And all those school trends.

So enjoy your school days
And choose your life's best ways.

Parv (VII A)

THE GREATEST OF THE GREATS

1. The Best Day - Today
2. The Best Gift - Forgiveness
3. The Biggest Mistake - To ignore advice
4. The Biggest Need - Common Sense
5. The biggest Trouble Maker - Loose talker

YUKTI-8C

FRATERNITY TO THE CORE

Agriculture, the speciality of Haryana,
Compliments the beauty of historical monuments
of Telengana.

Fort may not be same but the souls are still alike,
Caring, loving, gentle and full of life.

Both are the states that are apart,
Paired with each other in their spirit and art.
The folks are lively, laborious and smart.
Fervently celebrate every occasion with soul and
heart.
They uplift themselves with all their might.

Festivals are same but we name them differently,
Vijaydashmi in Telengana is Dusshera in Haryana.
Bathukkama in Telengana is Teej in Haryana.

The outfits saari and dhoti make us look alike,
In sorrow we feel same pain and in joy we take
delight.
People of both the states are known for their might
With zeal we exhibit the festive delight

Let's share our festivals, rituals and food,
shed off differences to enjoy the bond of brother-
hood.
They will learn Haryanvi and we will speak Telegu.
This amalgamation will make the picture new.
If not we then who, if not now then when, if not
here then where?
Let's inculcate the feeling of love and care.

Aditi Sharma (Class:-9th D)

INK STAINED PAGES

Think about the page
Which is stained with ink
It appears as if the words pour down in rage
In the wintery pink.

Our life is a blank book
With pages of various kinds.
We try to look inside,
But one is never satisfied with what one finds.

We start to write on the page one
Beautiful stories we spun,
Right from our birth
But slowly the good thoughts seem to be in dearth.

Gradually the ink of greed, lust, anger and jealousy
Make all of us overbusy.
It cages our compassion and generosity
And fills our souls with devil curiosity.

Today, I have a question to ask
As for me it's a mammoth task.
Do love and sympathy really exist?
Or we all have turned into absolutists

RIDHIMA (XC)

ART AND CULTURE UNIFIES US

Haryana and Telangana,
the two common states,
with the people of gold,
and a culture that relates.

From khaats and milk,
to the land famous for sarees of silk
the Ragini listeners,
meet the Carnatic ones,
we live in different states,
but our heart is one.

Both share the common crops,
with a form of art that always pops.
Holi and Dusshera is what we all celebrate,
we are a family that does not hate.

The dances are Perini, Thandavam and naach,
the birdi craft and embroidery.
the panipat rugs and pochampally sarees,
nirmal paintings and Rohtak's pottery.

We are one, and will always remain the same,
we are for other, and we will always proclaim.
we have the same dawn and the dusk,
Art and culture is what that unifies us.

TYAAKSHI, IX-A

स्वयं पर विश्वास

किसी भी इंसान के अंदर आत्मविश्वास का होना बेहद जरूरी है, आत्मविश्वास एक ऐसी चीज है जिससे एक इंसान असंभव काम की भी संभव बना देता है, आत्मविश्वास का अर्थ होता है—स्वयं पर विश्वास, किसी भी कार्य को करने के लिए व्यक्ति को स्वयं पर विश्वास होना अति आवश्यक है, क्योंकि इस विश्वास के सहारे ही वह उस कार्य में सफलता प्राप्त कर सकता है। आत्मविश्वास सफलता की सबसे बड़ी पूँजी है। इसे हम सफलता के लिए पहला कदम कह सकते हैं। कई लोगों को एक नई चुनौती या कार्य करने की कोशिश करने से डर लगता है क्योंकि वे विफल होने से डरते हैं और सफल नहीं होते हैं। वे लोग जो अपने दैनिक जीवन में आत्मविश्वास रखते हैं, वे हमेशा दुनिया की ऊँचाईयों पर दिखाई देते हैं, क्योंकि उन्होंने बहुत सारी नाकामयाबियों के बाद कामयाबी हासिल की है। वे हमेशा खुद को शांत रखते हैं। और हर चीज में सफल होते हैं। दूसरों से घृणा नहीं करते और न दूसरों पर क्रोधित होते हैं। वे मेहनत इतनी खामोशी से करते हैं कि सफलता शोर मचा देती है।

वंश, नवमी ई

FAILURE

Don't be afraid of failure
It is just another word for
Attempts umpteen you make
Till you succeed

No one is born successful
Everyone fails sometimes
Failures are the number of
Tries you have given
To achieve your goal

You try, you may fail
But if you don't try
You regret which is
Worse than failure

Failure does not make
You unsuccessful
The way you cope up
With failure decides
Your destiny

Don't let the obstacles
Win over you
Don't let your sadness
Sway you

No hurdle is stronger
Than your spirit
No destiny more powerful
Than your will

No distraction is more luring
Than your goal
No laziness is stronger
Than your discipline

No failure is bigger
Than your success

SWATI DAHIYA
Class:X-C

THE LITTLE MEMORY

I found a memory in the attic of my house,
A picture, which was the old one
And the lost one!

Tears rolled down my cheeks
When I came across that old little memory.

A memory full of laughter and joy,
A memory full of friends and lovers.

It might be a mere photo,
But believe me it is everything to me.

While observing it I got chills
I started having flash back
as if I was some years back there.
Back, there with everybody.

Memories indeed are gloomy
As they make us long for those beautiful days.
We hope that those days Might come back.

Vanshika (XC)

THE LOCKDOWN

In this lockdown
I came to know the real value of my school,
In the beginning everything looked so cool

Spending time with family was really amazing,
And the school memories were slowly vanishing

When everything went back to where it was,
Except us, who just had to stay at home with our flaws

Then some cheerful memories whispered to me one day,
Which took all my gloominess away

Those were the days when we used to wear our uniform,
And to walk in the school in a disciplined form

But these things didn't bother us at all,
Blending our love in the name of friendship

Loving, laughing and making others fool,
I remember the days when we used to go to school.

Himani (IX C)

CLASSES DURING LOCKDOWN

Being a student we all know,
Studying is our first priority
Every year we go to school,
And a step out of immaturity.

We 'people' had a lot of,
Expectations from the year twenty- twenty
But who knew this year would bring,
Problems and that too a plenty!!

As we students experienced,
The new way of learning
In a way that first listening to 'study from home',
Was really very tempting and fascinating.
Oh! but wait, don't fall in this trap
Because we also thought it was a piece of cake
But slowly and gradually we tend to realize,
that underestimating it was our biggest mistake.

Oh my god! How did we manage to do our studies,
Because studying online was really unimaginable
Nevertheless, our teachers and parents motivated and
supported us,
because they too knew we had to face thus challenge.

All the time eyes on screen and nothing else to do
Of course, the effect occurred,
Because the most disappointing thing was that
Even spinach -lover students had to wear spectacles.

One thing is clear that e-learning will never
Let us regret in future, as
We have fruitfully spent the whole year
Coping with difficulties and still not being lazy like a
cat.

Besides all this, you will surely agree
That in lockdown we learnt one important thing,
E-teaching might seem easy but is much more difficult
Than e-learning, that we enjoy on bed like kings.

No doubt self-study had an important role to play
For every student in lockdown,
Also, I will never hesitate in paying gratitude
To our teachers for making us excel on all fronts.

Finally and lately,
An unimaginable condition we had never thought of

For questions like 'kab school khulenge', we had no
clue,
Still our teachers kept the online teaching on
For which I Saina, would like to say a big THANK
YOU.

Saina Baranwal VII-B

SMART PHONE – A BOON OR BANE

"Technology is the best when it brings people together"
– Matt Mullenweg.

Almost everyone in this world is aware of smartphones,
but is this gadget a boon or a bane?

There are two sides for a coin. Just like that the smart-
phone too has some advantages and disadvantages.

The current smartphone penetration rate is at 45.4 per-
cent. The smartphone users increased by 3.5 billion in
2020. In the year 2020, due to the pandemic we could
not go anywhere, so the smartphone helped us a lot
in online studies, shopping for essential things banking
etc., thus preventing the spread of corona virus. There
are many informative videos which can be watched on
YouTube via smartphone. It helps us reach our desti-
nation through the GPS system. It makes us aware of
current happenings. Not only this, we can send emails,
watch movies, play games and capture some of the
cheerful moments of our life. It also has the flashlight to
help us in the darkness.

Like everything in excess is dangerous, it also has some
disadvantages. The electromagnetic radiation emitted
by smartphones causes many health problems. Contin-
uous using of smartphones for longer periods causes
heavy eye strain. Addiction to social media is increasing
among the youth of the country. It is the biggest distrac-
tion, one text message is enough to distract while study-
ing. It also distracts drivers. Centre of Disease Control
and Prevention (CDC) says that every day close to nine
people die in road accidents caused by distraction by
mobile phones. Another study shows that people have
become so much addicted to their smart phones that
nearly 50% of adults cannot live without their smart-
phones.

A smartphone is a boon if used wisely while a curse if
used in excess and carelessly. Don't let the dark sides of
smartphone discourage you as it's matter of choosing
how best it can benefit you.

THAT DAY

And that day has finally come,
The time and news I was waiting for,
The new soul I wanted to name.
Not only a life,
The new hopes have also taken a birth
The wishes everyone wanted to idolize

It was the evening and now she was longing that this
day should never arrive .

The day she got the news she never thought about,
The time which she can't talk about,
The place where a new path has begun for someone,
it was the end for one.

In the twilight of stars she was crying,
Sitting in the corner of a dark room,
Holding the reports of terminal cancer.
She was now only thinking to fulfill the wishes she had,
To become her parents' pride for once,
That's the only wish list she had.

-Asatha (XE)

GRATITUDE

“When we focus on our gratitude, the tide of disappointment goes out and a tide of love rushes in” says Kristin Armstrong, which I think is completely true. We should always be grateful for what we have and not get disappointed for what we don't have. We all need to learn to be happy for what we have and continue to make our efforts for what we want. I am beyond blessed to have a roof on my head, clothes to wear, food to eat, water to drink, air to breathe in, a very supportive family, education and for many more beautiful things that have happened to me.

Life is too short. We spend so much of our precious time in small stuffs such as worrying, complaining, gossiping, comparing ourselves with others, wanting for something better instead of focusing on what we already have and on all the blessings that surround us everyday. Focus on what is important and be grateful. Never take anything for granted, life is a blessing. Each day I am thankful for the dreams that turned into reality, friends that turned into family and the nights that turned into mornings.

One should always remember that what they now have was once among the things they dreamed for. The life

that we are living now is a dream for many people. We should live every moment of our life happily and be satisfied with all we have. The more grateful we are, the more beauty we will see. At the end, I would just like to say that I am grateful to all for what I am and for what I have but most importantly I am grateful to God, as without Him, there is nothing to be grateful about.

Vidhi Chopra (IX B)

युवाओं में खेलों के प्रति बढ़ता रुझान

युवा पीढ़ी बहुत ही संवेदनशील होती है उसकी पसंद-नापसंद समय के साथ बदलती रहती है। आजकल के अधिकतर युवाओं में खेलों के प्रति रुचि बढ़ती जा रही है। क्या युवाओं का खेलों के प्रति बढ़ता रुझान सही है? अगर सरल शब्दों में कहें तो इस रुझान का हर देश की प्रगति पर सकारात्मक असर ही पड़ेगा। युवाओं के लिए पढ़ाई जितनी आवश्यक है खेल भी उतने ही महत्वपूर्ण हैं। खेलों से युवाओं का स्वास्थ्य तो शानदार रहता है ही और साथ ही उनका मानसिक संतुलन भी बना रहता है। वे नशे, जुए जैसी बुराइयों से भी कोसों दूर रहते हैं। अगर देश के युवा पूर्णतः स्वस्थ होंगे तो देश भी सफलता की सीढ़ी पर आगे बढ़ता चला जाएगा। अगर संपूर्ण विश्व में प्रसिद्ध खिलाड़ियों की सूची पर एक नज़र डालें तो यह खत्म ही नहीं होगी। खेल के हर क्षेत्र में खिलाड़ियों ने अपनी प्रतिभा दिखाई है और इन्हीं खिलाड़ियों से प्रेरणा लेकर युवा इस क्षेत्र में अग्रसर हो रहे हैं ताकि वे अपने देश का नाम चाँद की ऊँचाइयों तक पहुँचा सकें।

हमारे अपने देश में भी खिलाड़ियों ने हर खेल में बहुत नाम कमाया है चाहे वह कोई भी खेल हो— क्रिकेट, बैडमिंटन, फुटबॉल, एथलेटिक्स इत्यादि। बहुत से प्रसिद्ध खिलाड़ी तो युवाओं के आदर्श बन गए हैं। हाल ही में भारतीय खिलाड़ियों ने टोक्यो ओलंपिक में अपना अब तक का सर्वश्रेष्ठ प्रदर्शन किया है। अपना बेहतरीन प्रदर्शन देते हुए भारतीय खिलाड़ियों ने कुल 7 पदक जीते हैं। नीरज चोपड़ा और मीराबाई चानू का नाम तो हर युवा की जुबान पर है। भारतीय महिला हॉकी टीम और महिला क्रिकेट टीम भी बहुत नाम कमा चुकी है। शायद यही कारण है कि आजकल के युवाओं में खेलों के प्रति रुचि तो बढ़ती ही जा रही है साथ ही साथ वे इसी क्षेत्र में अपना करियर भी देख रहे हैं।

खेल में भी करियर बनाने लगे हैं युवा,
अपने हुनर का दम दिखाने लगे हैं युवा।
आओ उनके प्रयास को सराहें,
और उनके सम्मान में तालियाँ बजाएँ
खेलेगा इंडिया, आगे बढ़ेगा इंडिया

राधिका, दसवीं बी

GLIMPSES OF SCHOOL ACTIVITIES - JARNAILLY COLONY

PRATAPIANS LAUNCHED CLEANLINESS DRIVE

Teachers and students of Brahmputra House took one step forward towards "Cleanliness" and organized a Cleanliness Drive under the Social Service Week observed in the school from 29th November, 2021.

Armed with broom and dustbins they collected garbage, cleaned the roads connecting school and drains clogged with dry leaves to avoid blockage. Together they were able to give a new look to the area.

THE SCHOOL ROLLS OUT A RED CARPET WELCOME TO RAV HANJRA

Maintaining the culture of staying connected with its alumni, Pratap Public School, Karnal felicitated Rav Hanjra, the famous Punjabi lyricist and composer.

The renowned singer interacted with the students and inspired them by sharing his journey of becoming a successful lyricist. Rav Hanjra who has become a global Punjabi music sensation is still connected to his roots. He emphasized the role that the school played in nurturing his passion.

CAREER COUNSELLING

The school organised a Career Counselling Session with an aim to facilitate students of Class X choose right combination of subjects in class 11

The Session was conducted by Mr Bharat Manocha -Co founder and Director of Inspiring People India. He acquainted students about various career prospects available for them nowadays.

A VISIT TO ICAR

A group of students along with their teachers visited the ICAR- Sugarcane Breeding Institute, Regional centre at Karnal on 24 December 2021. The visit provided students with the first hand knowledge about the

ongoing research activities carried out at the famous research centre.

VISIT TO BAL BHAWAN

As a part of Social Service Week, Pratapians visited MDD Bal Bhawan, Phosgarh on 22nd November 2021. The students donated stationery items and interacted with inmates of the Bal Bhawan. Together they sang,

danced and played games. The visit brought smiles on the faces of the students as well as the children at the orphanage. The visit was a fulfilling experience for Pratapians who came back with not only fond memories but also valuable life lessons.

GLIMPSES OF SCHOOL ACTIVITIES - JUNIOR SCHOOL

EARTH WEEK

PPS, Junior Wing hosted nearly a dozen events during The Earth Week observed in the school. The students were engaged in various activities related to conservation of various resources for the entire week. Activities like Bird-Feeder Making, Best out of Waste, Poster Making and Planet Awareness Drive were conducted during the week.

ous competitions and activities were conducted which helped the students explore and understand their own identities and those of others besides developing strong self-esteem and empathy for others.

CHRISTMAS CARNIVAL

The Pratapians organized a grand fiesta as part of Christmas Carnival in the school campus. Various stalls were put up and games organised for the students. The children enjoyed the festive spirit to the hilt.

SUMMER CAMP

Notwithstanding the constraints imposed by pandemic the school organized a virtual summer camp "Rediscovering Minds" which captivated the attention of students, parents and grandparents alike. The

camp organised a variety of activities like Alphabetical dance, Podcasting, Karaoke Singing, Exploring Science, Kahani ki Duniya, Calligraphy, Show and Tell, Life Skills, Ikebana, Gardening, Vedic Maths, etc.

PEACE WEEK

The Peace Week organised by the school focussed on making the students aware about the need and importance of peace in our lives, family, neighborhood and the world. To mark the occasion vari-

READING CAMPAIGN

Pratap Public School organised 100 days Reading Campaign. Various activities were designed with the focus on making reading enjoyable and building lifelong association with books. The campaign developed creativity, critical thinking, vocabulary and the ability to express both verbally and in writing. It also helped the children to relate to their surroundings and real-life situation.

GLIMPSES OF SCHOOL ACTIVITIES - SECTOR-6

COUNSELLING CELL

Session on Stress Management

A counselling session on stress management convened by school counsellor Mrs Nidhi Khullar provided the much needed piece of advice to cope up with and handle intricate psychological issues during pandemic.

Career Counselling Session

The Principal, Dr. Puja Walia Mann and a group of faculty members organised a Virtual Session on Career Counselling for class X. Students and their parents participated inquisitively. Such periodic sessions help students to deliberate upon better career options in future.

TREE PLANTATION DAY

Endeavouring to make cadets vigilant about their moral obligations, not only towards the nation but also the environment, a Tree Plantation Drive was organised on 15th August 2021 by the NCC senior wing cadets. The cadets participated with exemplary zeal.

VEER GATHA

The Commanding Officer of the 7 Haryana NCC Battalion, Karnal Colonel Naresh Arya interacted with the students in an ebullient frame of mind. He shared his story of how he joined defence services and his acts of bravery.

IMAGINATION IGNITES CREATIVITY

The harbinger of good luck, the traditional art form Rangoli brightens every occasion. Keeping up with this thought, the talent and creativity of the students was well brought out on the occasion of Republic Day.

ECSTATIC WE DANCE

Diwali symbolises the victory of good over evil. Revelling in the beauty of the festival of lights, students presented a colourful online cultural ceremony that dazzled the audience.

UNITY IN DIVERSITY

Celebrating the spirit of harmony and togetherness students participated zealously in various programmes and rejoiced being part of a glorious nation under CBSE 'Ek Bharat Shrestha Bharat' series.

YOUNG SCIENTISTS AT WORK

"Curiosity is one of the permanent and enduring characteristics of vigorous intellect." To help children develop better understanding of mathematical and scientific concepts regular activities were conducted in both online and offline mode.
